

The Hillcroft Way

CEO Corner

This newsletter greets you as spring is about to emerge. This season brings with it sunshine and the promise of new life. Hillcroft's sunshine includes our Ice Cream Card fundraiser beginning April 1, 2019 and the annual Hillcroft Masters Golf Tournament being held on May 9 & 10. These activities and events breathe warmth as we feel the love from this community.

New life comes this spring wrapped in an expanded and consolidated facility located at 501 W Air Park Drive in Muncie, Indiana. The *Building Better Futures* campaign will culminate as we relocate operations to this 85,000 square foot facility in order to improve and increase services. The excitement is hard to contain.

I would be remiss not to mention the importance of newly developed and strengthened partnerships within the community. Over the past few years, Hillcroft has been supported by community members, businesses, and foundations to a degree that has never been attained in the history of this agency. Thank you for your generous support!

Come along with Hillcroft Services this spring as we look forward to a new day to impact this community and those we serve on its behalf.

Hillcroft Services Breaks Ground on Air Park Building Expansion Project

PHASE II OF \$9.2 MILLION PROJECT SLATED TO OPEN IN SPRING OF 2019

On Monday, October 1st 2018, Hillcroft Services hosted a public groundbreaking event in front of many campaign contributors, community leaders, board members, staff, clients, and local media. This historic event celebrated the beginning of construction on the 45,000 square foot addition to the existing Air Park Drive location. The expansion project is the second phase of the \$9.2 million *Building Better Futures* capital campaign. Currently \$8.5 million in funding has been secured leaving \$700K as

the remaining goal of the public campaign. The expansion project is slated to be completed in Spring of 2019.

When speaking to the event attendees, Hillcroft Services President and CEO, Debbie Bennett, stated, "Moving all of our operations to one campus will facilitate more efficient, smoother, and more collaborative operations with more effective distribution of both enhanced, as well as increased services. It will allow growth in programs and yet be more cost

effective. This will also guarantee the creation of 100 new jobs of tax paying, employed, and productive individuals residing in east central Indiana. This is a good thing, not just for Hillcroft, but the community at large."

This is an exciting time in Hillcroft's history, consolidating campuses into one for the benefit of clients, employees, and customers alike. Today we celebrate a milestone that will allow for families like mine to thrive for many years to come."

BUILDING BETTER FUTURES

Campaign Co-Chair Chris Cook, added, “When we look back on this day sometime in the future, my desire is not to remember how much money was raised or that a new building was built. The success of this campaign will be measured by a community appreciating and valuing those with disabilities for

what they can do. Today is the beginning of that goal.” With the completion of the project scheduled for late spring 2019, a grand-opening and official ribbon-cutting celebration is tentatively planned to be held in June.
